

### Important: Platform upgrade

Later this year, we'll be upgrading our services as part of our investment in our new platform. This means that our products will change when they move on to new technology, under our Nucleus brand.

Please note that the key literature for the product (including the Terms and Conditions, Charges Schedule, Permitted Investments List and Key Features Document) is therefore only applicable until the upgrade takes place. If you already have a product with us, we'll be writing to you regularly to keep you updated.

To help you understand the features and benefits of the products when on our new platform, we've attached copies of the new literature to the end of each document, which you'll find below.

For more information on the upgrade, including a summary of the key changes to these products, please visit our support page at [nucleusfinancial.com/upgrade-support](https://nucleusfinancial.com/upgrade-support), or contact us on 03455 212 414.

You should also discuss what this means for you with your financial adviser. If you don't have an adviser and would like to speak to one, please visit [moneyhelper.org.uk](https://moneyhelper.org.uk)

## Private Client SIPP Permitted Investments List

**Closed to new business**

### What is this document about?

- This document sets out the types of investments you may and may not hold in your James Hay Private Client SIPP. Please note that the inclusion of any type of investments does not mean that we endorse or recommend them, and returns on your investments are not guaranteed.
- As we are not regulated to provide advice, you should read and discuss this information with your Financial Conduct Authority (FCA) regulated financial adviser so they can help you choose the right investments to suit your circumstances.
- All investment transactions must be carried out on a commercial basis. Please note that we reserve the right to decline making an investment if we believe the asset to be to be a non-readily realisable investment or for any other reason we deem appropriate.
- The information in this document is based on our current understanding of HM Revenue & Customs (HMRC) guidelines and our own policies, both of which may be subject to change in the future. In particular, if any investment purchased is deemed to be taxable under pension legislation and/or HMRC rules, any subsequent tax liability incurred will be your responsibility.

You should also read:

- **The SIPP Technical Guide:** A guide which explains how this product works and how investments can be purchased.
- **How your Money and Investments are held within James Hay Products:** This document provides details of how your assets are held, as well as the protections provided under UK regulations .

Please ensure that you always access our documents from our website [www.jameshay.co.uk](http://www.jameshay.co.uk) in order to access the most up-to-date information.

## What investments can I make in the Private Client SIPP?

Any investment types detailed in this document that are traded on a stock exchange must be purchased and held by an investment manager/stockbroker on behalf of your SIPP. If you are unsure which investment types this applies to, please contact us.

The investment types named below are the allowable holdings within the SIPP:

- **Stocks and shares**
- **Investment trusts**
- **UK Real Estate Investment Trusts**
- **Insurance company managed funds and unit linked funds**
- **Venture Capital Trusts**
- **National Savings and Investments (NS&I) products**
- **Fixed Term Deposits and notice accounts with providers on our cash panel**
- **Commercial property**

Please note that borrowing by the Private Client SIPP is only permitted in connection with a commercial property purchase. Please read the commercial property guides on our website or contact our Property Team for further information on holding commercial property within your SIPP.

Please note that these types of investments may require you to be following financial advice in order to purchase them. Please see the Complex Investments section below for more information.

- **Unit trusts and OEICS**
- **Trustee Investment Plans**
- **Depository interests**
- **Structured products**
- **Managed portfolios of collective investments**

Please check the investment definitions section of this document to help you and your adviser to consider which of these investment types would be suitable for you.

## Investments allowed under certain circumstances

If you already hold one of these types of investments in your SIPP, you may be able to make additional investments (top ups) into the same investment. This would be allowed subject to our review and requirements in place at the time you request to top up your investment.

**New investments (other than top ups) are no longer permitted into these types of specialist investments.**

- Non-Mainstream Pooled Investments (NMPs) including Unregulated Collective Investment Schemes (including Overseas UCIS) and similar vehicles
- Second hand/Traded endowment policies

If you wish to top up an existing specialist investment, please read our Specialist Investments (Non-Standard Investments) Guide, available from our website at [www.jameshay.co.uk](http://www.jameshay.co.uk).

## Complex Products

We will only allow you to invest in Complex Products if you have received advice from a regulated financial adviser in respect of the proposed investment.

Under regulations, there is no definition of Complex Products. However, the regulations define Non-Complex Products as follows:

- Units/shares in a UCITS qualifying Collective Investment Scheme;
- Shares, bonds and other forms of securitised debt admitted to trading on a trading venue;
- Structured deposits;
- Money market instruments; and
- Other products that meet certain criteria, including:
  - having frequent opportunities to trade at publicly available prices,
  - do not involve potential liability that exceeds the original investment,
  - do not include exit charges that have the effect of making the investment illiquid, and
  - where adequate comprehensive information on the investment is publicly available and likely to be readily understood by the average retail client.

Complex Products are therefore anything that is outside of this definition of Non-Complex products. Broadly speaking, Complex Products are investments involving derivatives or where the opportunity to sell is infrequent.

**If you are investing without having received financial advice and are unsure if your proposed investment is a Complex Product, please ask the investment provider.**

Please read the <b>Commercial Property Purchase and Maintenance Guide</b> on our website for further information.  |

## Complex Products

Some of these investment types could be Complex Products. Under regulations, there is no definition of Complex Products, though these can typically be investments involving:

- any potential customer liability that exceeds the cost of the investment
- the right to materially change the nature or risk of the investment or payout value
- derivatives or a structure which makes it difficult for the customer to understand
- disproportionate exit charges that could have the effect of making the investment illiquid or where the opportunity to sell is infrequent.

We will only allow you to invest in Complex Products if you have received regulated financial advice in respect of the proposed investment. If you are unsure if a proposed investment is a Complex Product, please speak directly to the investment provider.
