

## Modular iSIPP Permitted Investments List

### What is this document about?

- This document sets out the types of investments you may and may not hold in your Modular iSIPP. Please note that the inclusion of any type of investments does not mean that we endorse or recommend them, and returns on your investments are not guaranteed.
- As we are not regulated to provide advice, you should read and discuss this information with your Financial Conduct Authority (FCA) regulated financial adviser so they can help you choose the right investments to suit your circumstances.
- All investment transactions must be carried out on a commercial basis. Please note that we reserve the right to decline making an investment if the provider will not provide us with suitable monthly reconciliation data, or for any other reason we deem appropriate.
- The information in this document is based on our current understanding of HM Revenue & Customs (HMRC) guidelines and our own policies, both of which may be subject to change in the future. In particular, if any investment purchased is deemed to be taxable under pension legislation and/or HMRC rules, any subsequent tax liability incurred will be your responsibility.

You should also read:

- **The Modular iPlan Technical Guide:** A guide which explains how the investment modules mentioned in this document work and how investments can be purchased.
- **How your Money and Investments are held within James Hay Products:** This document provides details of how your assets are held, as well as the protections provided under UK regulations .

Please ensure that you always access our documents from our website [www.jameshay.co.uk](http://www.jameshay.co.uk) in order to access the most up-to-date information.

## What investments can I make in the Modular iSIPP?

Any investment types detailed in this document that are traded on a stock exchange must be purchased and held by an investment manager/stockbroker on behalf of your SIPP. If you are unsure which investment types this applies to, please contact us.

The Modular iSIPP is split into four investment modules:

### Core investments

- Unit trusts and OEICs held in the Investment Centre
- Investments traded via a panel stockbroker
- Fixed term deposits and notice accounts with providers on our Cash Panel
- Any cash held in the SIPP bank account

### Commercial property module

- **Commercial property**

Please note that borrowing by the Modular iSIPP is only permitted in connection with a commercial property purchase. Please read the commercial property guides on our website or contact our **Property Team** for further information on holding commercial property within your SIPP.

### Specialist investments module

- **Specialist Investments**

Please note that **new** Specialist Investments purchases are not allowed, only top-ups. Please see the 'Investments allowed under certain circumstances' section for details.

### Whole of Market module

- Investments held by an investment manager/stockbroker not on our panel
- Deposit accounts held with an investment manager
- National Savings and Investments (NS&I) products
- Insurance company managed funds and unit linked funds
- Investment grade gold bullion
- Venture Capital Trusts (VCTs)

Please note that these types of investments may require you to be following financial advice in order to purchase them. Please see the Complex Investments section below for more information.

- OEICs, unit trusts and units/shares in Collective Investment Schemes not held on the Investment Centre
- Structured products
- Managed portfolios of collective investments
- Trustee Investment Plans

Please check the investment definitions section of this document to help you and your adviser to consider which of these investment types would be suitable for you.

## Non-permitted investments

Please note that this list is not exhaustive and does not cover all non-permissible investment types for the Modular iSIPP. If you are unsure about the permissibility of a certain investment, please contact us.

- Direct purchase of residential property (UK or overseas) or overseas commercial property
- Direct purchase of tangible, moveable property (such as art or antiques)
- Indirect investment in tangible or residential property with a majority shareholding/control
- Property limited liability partnerships
- Residential ground rents
- Intellectual property
- Premium bonds
- Loans to connected parties (broadly speaking, these are close relatives or business partners)
- US mutual funds
- Land banking (as defined by the FCA)
- Direct holdings in commodities
- Wasting assets
- Direct investment in cryptocurrency or cryptoasset derivatives and cryptoasset exchange traded notes
- Crowdfunding
- New investments into Contracts for Difference (CFD) or Futures and Options (as defined by the FCA)
- New investments into second hand/traded endowment policies

Please note that you cannot use the SIPP to acquire listed shares from a connected party.

## Investments allowed under certain circumstances

If you already hold one of these types of investments in your Modular iSIPP, you may be able to make additional investments (top ups) into the same investment. This would be allowed subject to our review and requirements in place at the time you request to top up your investment.

**New investments (other than top ups) are no longer permitted into these types of specialist investments.**

- Non-Mainstream Pooled Investments (NMPs) including Unregulated Collective Investment Schemes (including Overseas UCIS) and similar vehicles
- Shares in unquoted private companies (both UK and overseas)
- Pooled investment vehicles and syndicates that invest directly or indirectly in taxable property (being residential property or tangible moveable property) where the member cannot influence or control the investment (known as 'Genuinely Diverse Commercial Vehicles').

If you wish to top up an existing specialist investment, please read our Specialist Investments (Non-Standard Investments) Guide, available from our website at [www.jameshay.co.uk](http://www.jameshay.co.uk).

## Complex Products

We will only allow you to invest in Complex Products if you have received advice from a regulated financial adviser in respect of the proposed investment.

Under regulations, there is no definition of Complex Products. However, the regulations define Non-Complex Products as follows:

- Units/shares in a UCITS qualifying Collective Investment Scheme;
- Shares, bonds and other forms of securitised debt admitted to trading on a trading venue;
- Structured deposits;
- Money market instruments; and
- Other products that meet certain criteria, including:
  - having frequent opportunities to trade at publicly available prices,
  - do not involve potential liability that exceeds the original investment,
  - do not include exit charges that have the effect of making the investment illiquid, and
  - where adequate comprehensive information on the investment is publicly available and likely to be readily understood by the average retail client.

Complex Products are therefore anything that is outside of this definition of Non-Complex products. Broadly speaking, Complex Products are investments involving derivatives or where the opportunity to sell is infrequent.

**If you are investing without having received financial advice and are unsure if your proposed investment is a Complex Product, please ask the investment provider.**
